virendraphirke2222@gmail.com | 9373099032 | Advihir, Buldhana, Maharashtra | github.com/Virendra-Phirke

CAREER OBJECTIVE

Passionate and driven developer who loves building modern, responsive, and user-friendly web applications. Seeking opportunities to apply full-stack skills, learn industry best practices, and contribute to real-world impactful projects. Deeply interested in Cybersecurity and full-stack system design.

EDUCATION

B.E. in Computer Science Engineering | 2026

Shri Shivaji Education Society College of Engineering and Technology · Akola, Maharashtra

TECHNICAL SKILLS

Languages:	C, Java, Python, JavaScript, TypeScript
Web Dev:	HTML5, CSS3, React.js, Node.js
Backend & DB:	MySQL, PostgreSQL, Supabase
Tools:	Vite, NPM, Vercel, Capacitor, Git
Soft Skills:	Problem-solving, Fast Learner, Clean Code Practices

PROJECTS

QuizMaster – Online Examination Platform quizmastor.tech

React.js · Node.js · PostgreSQL · JavaScript · TypeScript

- Developed a modern web platform for conducting secure online tests for schools, colleges, and organizations.
- Implemented role-based access control for teachers and students with secure authentication.
- Enabled advanced quiz customization: global/per-question timers, section-wise organization, and intelligent question randomization.
- Integrated negative marking, customizable scoring, and dynamic quiz configurations.
- Built anti-cheating mechanisms: fullscreen enforcement, tab-switch detection, and real-time monitoring.
- Designed a fully responsive interface compatible across desktop, tablet, and mobile devices.

Campus Mate – Android Application

React · TypeScript · Supabase (PostgreSQL) · Capacitor · MapLibre · Clerk · React Query

- Built a cross-platform campus management system deployed as an Android APK using Capacitor.
- Developed interactive campus navigation with outdoor maps (MapLibre) and indoor floor plan support.
- Implemented location-based attendance system with QR code scanning and real-time tracking.
- Designed an event management system with creation, discovery, and real-time push notifications.
- Created admin tools for building and facility management with multi-college support.

GITHUB PROFILE

Username: Virendra-Phirke · github.com/Virendra-Phirke

- Actively building full-stack applications and real-world solutions.
- Strong focus on performance, scalability, and user experience.
